## COMMISSION WILL MAKE ASSESSMENT WITH BLOCK MAP

President of Council Boards and Engineer Will Make Appointment.

No Fireworks to be Used Inside the City.

MORE WORK ON SIDEWALKS.

Both the aldermen and the council passed on two readings last night the resolution giving President Hannan, of the aldermen, President Foreman, of the council, and City Engineer Washington the power to appoint the committee which will assess the property in the city, according to the block map. The resolution provides that two real estate men and one contractor shall comprise the committee, which will estimate the value of every building in the city.

In the council the resolution was given two readings without much discussion, but in the aldermen it was discussed freely, especially in regard to giving the committee the right for the committee to determine the compensation of the committee and what length of time it shall work.

The purpose of leaving open the compensation to the committee was that the committee might have the work done as cheaply as possible. Some of the aldermen thought the committee should be elected by the general council. Alderman Stewart said if the assessing of the city property cost \$2,000 it will be cheap, provided a competent committee assesses all the city property at a fair value.

When put to a vote the resolution carried by a vote of five to three. Aldermen Farley, Potter and Van Meter voting "nay." On motion the rules were suspended and it was given second passage.

The Aldermen.

Young America will find little enjoyment in the Fourth of July or any national holiday if an ordinance Bill the wishes of the National Board of Fire Underwriters is passed by the general council. Alderman Lackey read a letter from the underwriters, who enclosed a copy of an ordinance adopted by several of the large cities as a model. By the ordinance the sale of fireworks, including crackers, toy blank pistols and fire works is prohibited. If wholesale the goods may be sold by the issuing of a permit by the general council. The ordinance provides that a special display may be given under the direction of a competent man, and the supervision of the fire chief. The main purpose of the movement is for a safe Fourth and to stop the damage by fire, and the destruction of lives on every national holiday. The ordinance committee was instructed to bring in an ordinance.

By two passages to a resolution, W. F. Bradshaw was granted permission to connect his property at 1601 Broadway with the sanitary sewer. By the provision he agrees to pay the regular assessment when sewer district No. 3 is constructed. The introduction of the resolution gave rise to considerable discussion. Several similar requests have been rejected by the boards, but always because the property owners wanted to avoid the assessment when a new sewer system was built.

Rule Eight Abolished.

No longer will it be possible to bury ordinances in the committee, as last night a resolution, abolishing rule eight of the rule book of the board of aldermen was given two passages. By the substitute rule it is the privilege of the introducer of a motion to have it referred to any committee he may desire, and after two regular meetings, if not reported or an extension of time granted, any member may call the motion or ordinance from the committee and place it before the board. Before it has been possible for a committee to kill an ordinance by not reporting it.

Alderman Stewart introduced a motion that the ordinance committee bring in an ordinance, prohibiting the ringing of any bells on the public streets with the exception of gongs on the fire apparatus and patrol wagon. He also called for the ordinance committee to make a report on the ordinance increasing the speed that automobiles may be run in the city.

Alderman Farley made the motion that the city engineer furnish the grades for the improvement of Meyer street between Farley place and Clements street. The motion was passed.

National Health Bureau. A resolution, endorsing the establishment of a health bureau, was passed.

## Retirement of Aldrich and Hale From Senate Means New Committee Assignment in the Upper House

General Opinion Expressed That They See End of Their Power—Indiana Situation—Socialists in Power.

Washington, April 19.—For the first time in years the United States senate is in a dazed condition, following the announcement that Aldrich and Hale will retire. Among the senators the opinion is held that the men are retiring because they see the end of their power in view. The passing of Aldrich means that the committee on committees will be reorganized. While the changes will not go into effect till December, already they are debating on his successor. It is believed Senator Lodge will be considered for his place.

"Duties or leadership in the senate is no slight task. I have begun to feel the strain" was the statement of Aldrich today. He said, "length of service, and a desire to conserve my health are the reasons for the retirement." He sent a letter to Governor Pothier, this afternoon. He said he will remain active in co-operation with the national monetary commission, and has a great hope to accomplish something along that line. He intends to make it his life work. He refused to reconsider his determination. He intends to retire to his country home.

Hale Not Candidate.

Washington, April 19.—Although the announcement that Senator Hale of Maine will not be a candidate is news to his colleagues in the senate today, a few confidential friends said it was known several days. Hale's friends say there was no doubt of his re-election, but adult he would have been forced through a hard campaign against the advice of his physicians.

To Nominate Senator.

Indianapolis, April 19.—Disregarding opposition within his own party Governor Marshall today insisted on his plan to have the Democratic state convention next week nominate a party candidate of the United States senate. He said "delegates, representing the people are better able to choose the man they want than the legislators." He reiterated his refusal to be candidate.

Socialism in Milwaukee.

Milwaukee, April 19.—Social Democratic municipal government was launched this morning when the Democratic administration of David S. Rose stepped out, and the Socialists headed by Emil Seidel, took charge. The new aldermen took their seats this afternoon. There are 21 Socialists and 14 Republicans and Democrats. In a speech to the council, replying to a committee report to notify him that the council would hear his inaugural message, Mayor Seidel promised to concentrate himself to making Milwaukee a safe place for men, women and children. He said he will fulfill his duty to the people by caring for the laboring class. He will establish new municipal plants, hospitals, etc. He will abolish all soft jobs and regulate street car facilities.

Infant Dies.

The four days old boy baby of Mr. and Mrs. G. W. Wilkins, of 416 South Ninth street died yesterday afternoon at 5:30. It was born Thursday evening at 7:30. The funeral was held this afternoon at the Whitlock cemetery on the Myfield road.

## CHIEF WITNESS IN HYDE MURDER TRIAL NOW DEAD

Dr. Twyman, Father of Mrs. W. A. Fite of Paducah, Passes Away.

Telegram Received Here This Morning.

SWOPE'S FAMILY PHYSICIAN.

Kansas City, Mo., April 19.—Frank P. Walsh, in defense of Hyde at trial today outlined the grounds on which he expects the jury to acquit the accused. He told the jury and court of the alleged entering of the Swope vault, and tampering with the body. He knew none of the witnesses are able to swear that Dr. Hyde gave Colonel Swope the poison that caused his death or swear positively that Hyde bled Moss Hutton to death; for G. T. Twyman, Swope's family physician, the only one ever able to swear to this is now dead. Twyman attended to Swope at the time they are said to have been victims of Hyde's poison plot.

They expected Twyman to testify that he found Margaret Swope at the point of death after taking medicine handed by Hyde. They expected Twyman to establish alleged irregularities practiced by Hyde in his profession. Twyman's testimony would have been expert, and direct, but now the state will have to rely on circumstantial evidence.

Walsh, Hyde's attorney, laid stress on the theory that poison was introduced into the body after death. The defense claims a charge that Hyde inoculated members of the family with bacilli, a manufactured evidence by paid detectives.

Attorney Walsh in his opening address said Hyde was not responsible for bleeding Hutton. He claimed that Dr. Twyman, who died last night, had charge of the bleeding. Walsh branded all the allegations as false. He said Swope was broken down and had himself predicted an early death. He said Hyde did not force the nurse to give the tablets to Swope. He said Mrs. Hyde was in the room at the death of Hutton and Swope.

Attorney Walsh said the veins of Hutton were bled with blood when Dr. Twyman made an incision. The blood did not flow fast enough, so Twyman tied a band about his arm and a string was tied to his navel so the blood could be stopped at any time. Twyman held the string. Hyde only followed the directions of Twyman. The bleeding was done to save Hutton's life.

Walsh denied that the nurse said Hyde tried to influence her and have her try to get Swope to make him administrator of the Swope estate. He said Mrs. Hyde will deny on the stand that Mrs. Logan Swope and Tom Swope were in the house the night before the colonel died. He said the tablets Hyde procured were digestive tablets, containing only pulverized pancreas of animals.

Dr. Twyman is Dead.

Mr. H. C. Overby, secretary of the official board of the First Christian church, received a telegram from the pastor, Rev. W. A. Fite this morning from Independence, Kan., announcing the death of Mrs. Fite's father, Dr. G. T. Twyman at 4 o'clock yesterday afternoon. A telegram extending sympathy was sent in response. Dr. Twyman had been ill for several weeks and several days ago his condition became precarious. He was the family physician for Colonel Swope, of Kansas City and was to have been an important state witness in the trial of Dr. Hyde, charged with poisoning the Swope family. Dr. Twyman was unable to attend court. Now of the death here caused much sympathy among Mrs. Fite's many friends. Mr. and Mrs. Fite left for Independence Sunday evening. The funeral arrangements were not announced.

Funeral of T. S. Stone.

The body of T. S. Stone, who was crushed to death between two Illinois Central freight cars, was taken to Louisville early this morning for the funeral and burial. The burial will take place in Cave Hill cemetery. Stone was a member of the Order of Railway Conductors, who have charge of the funeral. The local wing division, No. 230, sent a beautiful floral design of the broken wheel. Those who accompany the body besides the relatives are: Chief Conductor, C. M. Wilkins, and Mrs. A. C. Finley, C. Allice Dennington vs. James Hill; answer filed.

Gray Motor company vs. Jesse Well; defendant filed demurrer to petition.

Little Lelsner vs. H. Lelsner; amended petition to cross petition of J. P. Howard filed. Objections and exceptions.

Several hundred Odd Fellows were present last night at the Three Links building when Grand Master I. N. Williams, of Lexington, met the members of the lodges in the Fifth district. The meeting was enthusiastic, and a number of speeches were delivered. In the early part of the evening an open meeting was held in the dance hall on the first floor. The hall was prettily decorated, and a stage erected. Grand Master Williams addressed the audience. The members of the Mangan lodge were presented with a handsome painting of Past Grand Sir Milton Durham by the grand master. The painting was awarded to the lodge for initiating the largest number of members of any lodge in the state on February 17.

Later in the evening the members of the lodge retired to the lodge room where the lullatory degree was put on a class of candidates. The local degree team ranks as one of the best in the state, and the work was done splendidly. Addresses were delivered by Grand Master Williams, County Judge A. W. Barkley, A. E. Stein, C. B. Hatfield and County Court Clerk Gus G. Singleton.

## PLANS FOR KITTY LEAGUE'S SEASON BEING MATURED

How Different Cities Are Going About to Organize Teams.

Local Meeting Will be Held Next Week.

NO TROUBLE IS ANTICIPATED.

Mr. William E. Cochran, treasurer of the Kitty baseball league, is deluged with letters from players, prospective manager, concessionists and baseball supply dealers. Many players are knocking at the door, asking for jobs.

For the permanent organization of the local club a meeting will be held this week, probably Thursday night. By the terms of the constitution it will be necessary for each club to deposit \$150 by May 1 as evidence of good faith, and before the opening of the season a bond of \$750 is to be deposited with the treasurer and the preliminary guarantee of \$150 will be returned. The salary of the president and secretary of the league is fixed at \$50 a month with traveling expenses. Each club will carry twelve players and the monthly payroll must not exceed \$800.

The Other Towns.

Of the meeting in Evansville the Evansville Courier says:

"J. H. Farrell, secretary of the association of minor leagues, wrote a letter which was read at Sunday's meeting, in which he said prospects for the new league are bright. He said the old Kitty league had furnished more stars for the big leagues than any other league of its size in the United States."

In Hopkinsville the work of organizing the club has begun, and the following plan of raising the money proposed:

"Now it is up to Hopkinsville to raise the necessary money to back a team in the Kitty league, as this town was taken into the league at the meeting held yesterday at Evansville. It is estimated that \$3,000 will be needed for this purpose and as stated before it is proposed to sell 600 shares of stock at \$5 each to raise this money. The amounts subscribed will be payable in three installments, fifty per cent on May 1, twenty-five per cent on June 1 and the final twenty-five per cent on July 1."

In Clarksville, Tenn., which was one of the most enthusiastic towns for the league, the formation of the league was greeted with delight. The Clarksville Leaf-Chronicle says:

"The information is official. It will be hailed with great pleasure by many in Clarksville who have been intensely interested in the earnest efforts of a few gentlemen to raise a guarantee sufficiently large to admit Clarksville as a member of the league."

## Hickman Case Affirmed

Frankfort, Ky., April 19. (Special.)—Jones vs. M. & O. Railway, from Hickman county, was affirmed by the appellate court.

Marriage Licenses.

## COUNTY ATTORNEY

ALLOWED MONEY FOR CONTINGENT EXPENSES.

May Use Some of It to Bring Mrs. Thompson Here to Identify Body.

For the purpose of enabling the county attorney to work up evidence when a small cost is necessary, the fiscal court which met in special session yesterday afternoon, allowed County Attorney Sanders E. Clay the sum of \$100 a year. This money will be used at the discretion of Mr. Clay in working up evidence for the prosecution. It is probable that the first money will be used to transport Mrs. Thompson, mother of "Red" Thompson, from Birmingham, Ala., for the purpose of identifying the murdered boy if possible.

## Your Boy

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

## News of Theatres

With a myriad of surprises, and teeming with novelties, and with a cast made up and recruited from some of the best vaudeville talents in America, supported by a big chorus which combined, easily runs up to seventy-off people, headed by Bailey and Austin, comes the New York and Chicago success, "The Top O' Th' World," which will be seen for the first time here at the Kentucky theater on Wednesday evening.

There isn't any doubt in the mind of well informed music lovers as to the value of the music which Gustav Luders has supplied "King Dodo."

Only One "BROMO QUININE," that is **Laxative Bromo Quinine** Cures a Cold in One Day, Grip in 2 Days

that delightfully popular comedy opera which will be the attraction at the Kentucky theater tonight under the direction of John Cort. It has been admitted on all sides that it is one of the most useful and melodious comedy opera that the stage has seen in recent years. There are more than twenty musical numbers in the score and each is a gem. Possibly the most infectious is "The Tale of a Bumble Bee," sung in the second act by the sprightly Annette to the decrepit old king.

"I've never been offered a bribe," bragged the eloquent politician "Cheer up, old man!" shouted a jester in the front row, "your luck may change."—Buffalo Express

## CIRCUS DAY SCENE

NORRIS AND ROWE SHOWS WILL COME TOMORROW.

Arrives Early, Street Parade at 10—Some of the Big Features This Year.

About the time Halley's comet rises tomorrow morning, the Greater Norris and Rowe circus, with its two trains of twenty-one cars each, will pull into Paducah where it will give two performances, one in the afternoon and one in the evening. Citizens of Paducah, who get up early enough to be able to see both attractions, the sky tramp and circus. The small boy will surely not miss the latter and many a mother will worry for a moment when she calls her son tomorrow until she remembers it is circus day and that the youngster had long before slipped out of the house and is down at the railroad yards watching the army of circus employees unloading cage after cage of wild animals, and coaxing the elephants, camels, horses, ponies, llamas, giraffes etc. to come down from the cars.

From the time the trains reach Paducah it will be a very busy day for the hundreds of employees of the Norris and Rowe show. Tents must be pitched and everything made ready for the monster street parade. The parade will start at 10 o'clock and will traverse the principal downtown streets. After that it will return to the grounds and the performances will have a little time to rest until the afternoon performance begins.

Lovers of music, who understand and appreciate the value of harmony, will have a rare treat in the concert to be rendered by the combined bands of the circus. This concert will be given one hour before each performance. One hundred musicians will participate, and it has been arranged as a special added feature, under the direction of Bandmaster C. H. Tinney, a leader of international fame.

One of the many notable improvements of the Norris and Rowe circus is the complete new seating arrangement, consisting of new high backed opera chairs. They are wide chairs and have foot rests. There is ample room between chairs and at the end of each section are wide aisles. Each seat is numbered and an uniformed usher takes each patron to the exact seat purchased in advance. The ticket wagon will be open continuously from the time it moved on the circus grounds in the early morning until the final performance. Still another improvement is the adoption of a new form a safety lighting system. The lights are absolutely safe from fire. Should they be blown down in case of sudden storm, the light would immediately go out of themselves from the fact that no illuminant is used but light created by a vacuum and air pumped system.

Among the score of native and foreign troupes to be seen with the attraction there are three that stand out prominently by reason of the number and the startling feats they accomplish in midair and upon the ground. These are the Great Moore Family of aerial acrobats, the Flying Dacomas and the Six Waltons.

## A DOZEN FAMILIES CURED OF ITCH BY CUTICURA

Showed No Marks but Whole Body Itched Like a Million Mosquito-Bites—Sleep Out of the Question and Life Became an Inferno.

## DOCTORS AND DRUGGIST TREATED THEM IN VAIN

"The Cuticura Remedies are the best in the world, as I know from experience. In Dowds, North Wales, about fifteen years ago, families were stricken wholesale by a disease known as the Itch. Believe me, it is the most terrible disease of the kind that I know of, as it itches all through your body and makes your life an inferno. Sleep is out of the question and you feel as if a million mosquitoes were attacking you at the same time. Yet you could see nothing on the skin. But the Itch was there all right and I sincerely trust that I shall never get it. I knew a dozen families that were so affected. The male members and myself belonged to the same society and, as steward, it was my duty to visit the sick members once a week for sick benefit until they were declared off. That is how I became so familiar with the Itch.

"The doctors did their best but their remedies were of no avail whatever. Then the families tried a druggist who was noted far and wide for his remarkable cures. People came to him from all parts of the country for treatment but his medicine made matters still worse, as a last resort they were advised by a friend to use the Cuticura Remedies. I am glad to tell you that after a few days' treatment with Cuticura Soap, Ointment and Resolvent, the effect was wonderful and the result was a perfect cure in all cases.

"I may add that my three brothers, three sisters, myself and all my families have been users of the Cuticura Remedies for fifteen or twenty years. Thomas Hughes, 1650 West Huron St., Chicago, Ill., June 28, 1909."

# Oh, That Misleading Term "Pure Wool!"

How often you see it in connection with Clothing advertisements and you are lead to believe that it signifies all that is worthy—that it means 999-944-1000 fine! And it DOES mean better value than the shoddy cotton and wool mixed which some folks sell you for \$15. But consider for a moment what supreme value you buy in

## GRIFFON CLOTHES At \$15

They're Pure Worsted!

Every stitch and thread in them pure WORSTED—and that means pure wool—PLUS, for not all wool is fit for the manufacturing of WORSTED. It takes the longest, strongest fibres to make worsted; that means WEAR, and lots of it.

Griffon Clothes not only have a fabric-advantage over most other \$15 suits, but they have, in even greater measure, a distinct STYLE advantage. They are made up as carefully and by as skilled workmen as many a \$22.50 or \$25 suit.

There's not a worth-while feature of any clothes you can name at anything like the price, which GRIFFON CLOTHES do not exemplify.

Harbour's Clothing Store sells these splendid garments in Paducah—and stands behind them.

## Daily Thought.

Go, take that task of yours, which you have been hesitating before, and shirking, and walking around, and on this very day lift it up and do it. —Phillips Brooks.

The new ordinance, absolutely prohibiting the using of any kind of fireworks inside the city, will make the small boy and the retail dealer in "shooting crackers" question the advantages of a sane Fourth.

That militant spirit seemingly has come down diminished from the men, who fought the war of the revolution, to the present generation. If we are to judge by the national D. A. R. meeting.

Louisville fans say, just wait, the Colonels will do better. They have the odds all on their side. Having won one game and lost five, the Colonels could not well be expected to do any worse.

Governor Patterson will be a candidate before the next Democratic primary in Tennessee. If a good man runs against him, the moral status of any citizen of Tennessee ought to be accurately gauged by the way he votes in the primary.

## O TEMPORA!

"Tempora mutantur, et nos mutamur in illis"—The times are changed and we are changed with them, runs a Latin saying.

Times change, but the genius of our institutions is enduring; because they are established on the highest conception of the social obligations and rights of mankind, which each succeeding age is better able to appreciate. Thus we see men spring into public life, who leave an enduring impress upon the progress of the nation and a name in history; other men assume the leading place in their time and disappear, leaving only a stain on the pages of history, which eventually is erased, and subsequent generations know them not. Of such is Nelson A. Aldrich, today the brainiest man, with the possible exception of Elihu Root, in the United States senate, and acknowledged leader of the majority up to this hour. He caught the spirit of the times, but never the deeper spirit of American institutions. The times change and Nelson A. Aldrich finds himself out of sympathy with them. What good he accomplished will remain but not associated with his name. Only the misapprehensions of his era, which we at close view call evil, goes into the composition of his reputation. Perhaps, it is a charitable Providence, which covers up such magnificent failures.

Two decades from now the names of Roosevelt, Bryan, Taft and one or two others will be as well known as in our own; but the searchers of the newspaper files of 1909 and 1910 will wonder at the prominence given the name of Nelson A. Aldrich.

From high political source comes the announcement that Senator Aldrich will retire from politics at the end of his present term in 1911. His health is given as the reason for his retirement at the age of 59 years, just at the ripe maturity of his intellectual powers, at the summit of life's hill, where pulse and breadth of view are expected to make wisdom perfect. If this is the reason, the friends of Senator Aldrich have cause for grave apprehension. It must be some incurable malady that has loosened his grip on the things of this world; for congressional burdens do not usually break down men's constitutions. We observe many old men in the senate; Tom Platt held on with one foot in the grave for years, and those whose health fails are usually stricken with the infirmities that come from overeating or too exciting activity in old age. We would learn the nature of Senator Aldrich's disease.

We do not believe the senior senator from Rhode Island is superstitious to criticism, or is sulking under a sense of the injustice of popular opinion; nor can we imagine Rhode Island being captured by the insurgents.

Senator Aldrich is recorded in the book of congress as a "public official". For years he has been the leader of the senate majority. He is no orator, he does not rank among our greatest statesmen; but in that peculiar organization, through which the United States congress does its work, he proved the most efficient trader. He is a man without vanity, we should judge, not caring for the

ephemeral honors of nominal leadership, or the glory of newspaper notoriety. He fed ambition in others, he understood the men with whom he was associated, acquainted himself with what they most desired, and saw that they always got it—in consideration of their votes on such questions as Senator Aldrich interested himself. In the inner workshop, where committees revamp and revise bills that are introduced, Senator Aldrich studied measures as he studied men, and no bill, in which he was interested got by without Nelson A. Aldrich finding out just what it meant. Perhaps, this is why Nelson A. Aldrich's health is breaking under the strain of public work, and his colleagues are suffering only from gout and kindred ills.

Aldrich is rich, he is related by affinity and consanguinity to the Standard Oil company, his associates have been the heads of big industries, his life has been spent in the atmosphere of finance, on these questions no other man in public today is so well versed; but these are not the reasons why Aldrich is the leader of the senate. He is leader, because he works at being senator. When our insurgent, reform, progressive or any other kind of senator puts the same amount of brains and energy into studying his colleagues and studying the measures introduced, instead of making spread eagle speeches for the Washington correspondents to mail out in advance to their papers, he will be like Nelson A. Aldrich in influence.

Senator Aldrich has been useful during that period, happily just passing, when material things occupied the exclusive attention of the nation, and the individual counted for naught. He has prevented the political barbarians, who would wreck civilization itself to crush out a little justice on its surface, from ruling us, and he has enabled capital to attain the zenith of its productivity. Now, that the old order is changing, it is not to be expected that Senator Aldrich will be in sympathy with the change. A great mind may be flexible, but it is seldom reflexible. Yet, Aldrich as head of the commission appointed to revise the monetary system, a work with which he hopes to crown his career, made a tour of the country addressing the populace on the subject; but Aldrich is a great specialist, capable only of thinking in technical terms and unable to catch the popular ear. The people are suspicious of his kind.

Like the rest of us, Aldrich is the product of his environment. He sees the welfare of the country involved in the protection of the country's finances; just as a lawyer sees it involved in the law, the workman in the protection of labor, the churchman in devotion to religious ideals, the railroad man in the development of means of transportation, the farmer in the high prices of food stuffs. To point him out as the kinsman of rapacious trusts is to do him injustice. Trusts were not primarily organized that one man might drive his competitors out of business. Personal knowledge of the formation of more than one assures us that trusts usually are formed as settlers once fled to the stockade when the Indians appeared; under the exigencies of fierce individual competition they united for mutual protection, and then the most able leader became the commander of all. Trusts and combinations of capital are the logical result of our competitive system, and Nelson A. Aldrich happened to be on a different side from us in the organization. Consequently, he sees things differently, and there may be something to be said for his side.

What concerns us now is the character of Aldrich's successor. Aldrich is a high class gentleman, as those who have had dealing with him agree. We, who have been caught electing a low grade of crook to public office now and then, must not be too hard on him. We hope Rhode Island will not elect as his successor the kind of men we occasionally elevate to high honors; one, that while bawling out from the hussings loud invective against the big combinations of capital, uses the legislative office as a means of blackmailing them. Our views of the trusts sometimes are affected like the sentiments of a gentleman, who is now high in McCracken politics, when he was appointed local agent for a certain brand of beer, and was reminded by a prospective customer of the severe criticisms he had once pronounced against the taste and quality of that brand. "The truth is, I never tasted it until I began selling it," he replied.

Tastes differ, of course; but the opportunity to taste is sometimes the deciding factor.

## PIMPLES DISAPPEAR.

New Healing Agent Makes Quick Work of Them.

The dispensers of poison, the new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining the sample package which will be sent free to any one who writes to the Emergency Laboratories, 32 West 25th street, New York. This alone is sufficient to clear the complexion and to rid the face of pimples. Every one who has tried poslam knows that the fifty-cent box, on sale at Gilbert's and R. W. Walker & Co.'s, as well as all other drug stores, contains sufficient for the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, hives, barber's itch and every other form of skin, including itching feet. Being flesh-colored and containing no grease the presence of poslam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

## GARNER BROS.

Now in New Quarters—This Prosperous and Growing Furniture House Today is Equipped With the Latest in Spring Goods.

Garner Bros. announce a new change in their business location, change in their business location, for the prosecution of their growing furniture trade by occupying the former premises of Nance & Rogers, giving them quarters 100x150 ft. and allowing them facilities that will greatly improve their business conditions affording an opportunity to meet the growing demand for their furniture. This firm was instituted in 1906, and operates with large capital and extensive facilities. Their spring goods have been artistically arranged and in their new quarters they are in a position to display it to advantage. For illustration, a handsome line of new beds have just been received and are arranged for display with springs and mattresses all ready for shipment. The building is a 3-story structure and all floors are completely stocked with the latest spring and summer furniture. Their stock is unsurpassed in beauty and design, the prices are reasonable and the assortment diversified. Housekeepers, as a rule, have grown tired of the sight of bare spaces and empty corners of floors unadorned with lovely rugs—of mantels without ornaments—of walls without the light and glory of pictures—of windows without the sanctity of white curtains—and, in fact, of the general poor and needy appearance of some old and new homes. In addition to the regular stock of beautiful suits of furniture, single pieces and brass beds is the full line of light, airy and cool summer furniture now on hand. The atmosphere of home can be transformed by removing heavy furniture, thick rugs and hangings and substituting light rattan pieces, etc. Messrs. Garner Bros. are men thoroughly familiar with furniture dealing and invite their numerous friends to come and inspect their new stock in their new quarters which outlive many older establishments engaged in the furniture business. Garner Bros. also operate the Paducah Bedding Co. in which they manufacture all grades of mattresses from the best to the cheapest.

ECZEMA TWENTY YEARS CURED BY AN OIL.

No matter if you have suffered for 20 days or 20 years, as our druggists know that your itch can be cured in one day, and that sooner or later—perhaps very soon—your skin will be as clean and pure as ever.

Wash your skin with a simple compound, the mild soothing oil of wintergreen, thymol, glycerine compound known as D. D. D. Prescription.

The first day, the first night of restful sleep will prove to you that we make no foolish exaggerated claims. Eczema sufferers must recognize that we certainly would not make such claims, if within a few minutes after trying the remedy you could prove us wrong; we KNOW the itch is allayed at once.

While we have always sold D. D. D. Prescription at \$1.00 a bottle, we do feel that everybody ought to be convinced at once. So we have arranged with the D. D. D. Laboratories of Chicago for a special offer—for the present—a trial size bottle at only 25 cents (for those who have never tried the remedy.—R. W. Walker Co.

## COMMISSION WILL

(Continued From Page One.)

ishment of a national bureau of public health, and favoring the bill introduced in congress by Robert L. Owen, of Oklahoma, was passed by the board. The city health officer advocated the aldermen supporting the resolution.

Motion from the council that several streets be improved under the ten year assessment plan were passed. The streets are: Jefferson street between Eleventh and Fourteenth streets; Jefferson street between Eleventh and Fifteenth streets; Monroe street; between Seventeenth and Nineteenth streets; Elizabeth street between Third and Fifth streets; Fourth street between Elizabeth and Broad streets; Tenth street between Trimble and Burnett streets. The improvement will include sidewalks, curbs and gutters.

Claims of over-assessment from Mrs. Wiley Joiner and the Evansville Brewing association were referred to the board of equalization.

A motion from the council that bids be secured for the writing of a historical sketch for the purpose of placing in the new ordinance book was passed.

City Clerk McIntyre was instructed to grant a deed to Mrs. Lilly May Kyle for a lot in Oak Grove cemetery on Well avenue.

A motion from the council that the city engineer be instructed to construct a sewer from the cemetery addition on Flournoy street to Eleventh street, the cost to be charged to the cemetery fund, was introduced.

A request from property owners on Kentucky avenue was received, asking that a sewer be constructed to prevent the flooding of Kentucky avenue between Twenty-third street and Twenty-fifth street. The residents also asked that Kentucky avenue between Twenty-third and Twenty-fourth streets and Twenty-fourth street between Washington and Adams streets be opened. The request was referred to the street committee.

A resolution from the council that lots in Oak Grove cemetery be sold on the installment plan was given two passages.

Attorney J. D. McQuot was allowed \$75 for the bringing of the sinking fund suit. His bill was for \$190, but the special committee and Mr. McQuot agreed upon a fee of \$75, a reduction of \$25.

The report of the finance committee was received and filed.

The minutes of the last meeting were read and adopted.

Those present were: Aldermen Hannan, Farley, Hank, Lackey, Oehl-schlaeger, Potter, Stewart and Van Meter.

The Council. A resolution introduced by Councilman Lally, empowering the presidents of both the upper and lower boards and the city engineer to appoint a commission of two real estate men and one contractor to assess city property the coming year with the new block map was given first and second passages. The committee will have power to fix the compensation of the commission.

First and second passages were given a resolution permitting W. F. Bradshaw to connect property at 1601 Broadway to sewer district No. 2. It was recommended by the board of health, but does not release Mr. Bradshaw from the liability of the cost of his share in the construction of sewer district No. 3, as the property rightfully belongs in the No. 3 district. The city engineer was ordered to issue a permit for the work.

More Sidewalk Work. More resolutions, providing for further sidewalk improvements, were introduced by Councilmen Lally and Hannan. New streets named were: Elizabeth from Third street to Fourth street; Fourth street from Elizabeth street to Broad street; North Tenth street from Trimble street to Burnett street; Broadway from Eleventh street to Fifteenth street with the exception of in front of the I. C. hospital; Monroe from Seventeenth to Nineteenth streets, and on Jefferson from Eleventh to Fourteenth streets. These resolutions were given first and second passages. The work is to be done on the 10-year payment plan.

A petition read by Councilman Bowers from property owners on Monroe street between Seventeenth and Nineteenth streets, asking for sidewalks, curbs and gutters, was received and filed.

The council concurred in the action of the upper board in instructing City Engineer Washington to furnish a level for sidewalk improvements on the west side of Meyers street between Farley place and Clements street.

Alderman Farley's motion that the various resolutions for sidewalk improvements be referred to the joint street committee and city engineer was adopted. The city engineer will furnish grades for the streets designated by the committee.

The council passed a resolution, endorsing the establishment of a national bureau of public health and favoring the bill introduced in congress of Robert Owen, of Oklahoma. This was advocated by the city health officer.

W. A. Kyle was granted a deed to a lot in Oak Grove cemetery.

City Engineer Washington was instructed to construct a sewer from the Oak Grove cemetery on Flournoy

#### JACKSON GIRL COMPLIMENTED

The Jackson Daily Sun says of pretty compliment paid to an attractive young girl, who is frequently the popular guest of her aunt, Mrs. Samuel H. Winstead in Paducah:

One of the most delightful social affairs of the spring was the birthday dance given Friday night at Pythian Hall by Mesdames Elbert Stogdill and Fred Scott complimentary to Miss Rose Newman.  
The brilliant lights, the dainty party frocks, the gay laughter and the light hearts, a happy combination it was and the young people enjoyed the charm of it as youth's own care-free way.

The chaperones were: Mrs. Charles Collins, Mrs. George Chudiff and Mrs. D. C. Newman.  
There were forty-five couples and fifteen rovers present of the younger set.

#### LAKE HURON AND LAKE SUPERIOR

A magnificent summer trip is enjoyed by taking the "Fresh Water Sen Voyager" from Sarnia, Ontario, to Port William, Ontario, through those great inland seas. New steamers have been added to the Northern Navigation Co.'s fleet, and the finest and fastest vessels on the Great Lakes will fly the house flag of this popular company. The steamers run in connection with the Grand Trunk Railway System, and all particulars, rates and descriptive literature, etc., can be had for the asking by applying to W. S. Cookson, 917 Merchants Loan and Trust Building, Chicago.

Mrs. Charles Shreve and little daughter, of Arondale, Ohio, are the guests of Mrs. Shreve's mother, Mrs. Ellen Wilcox, and aunt Mrs. J. H. Ashcraft, at 714 Jefferson street.

8. Sanctus, by Gounod. Soprano—Mrs. Lewis. Mrs. Gresham. Mrs. Rogers. Alto—Mrs. Krug. Mrs. Hart. Tenor—Mr. Mall. Bass—Mr. Bagby. Accompaniment—Miss Hrazelton at the piano with four-piece orchestra.

The club business meeting will be held at 4:15 and the program will immediately follow. Members who will 'ake part in the cantata "King Rene's Daughter," are requested to meet promptly at 2 o'clock for the first rehearsal.

#### Beautiful Honor Event This Afternoon.

Miss Hazel McCandless' reception—luncher this afternoon from 3:30 until 5:30 o'clock is a charmingly planned event to the popular bride-elect, Miss Myrtle Decker. The guest list is an extensive one and the luncher will be attractively featured.

**Hodge-Rinkieff Wedding.**  
Although one of the predicted spring wedding, the news of the marriage of Miss Elsie Hodge and Mr. William Rinkieff in St. Louis Monday was a surprise to many of the friends of the popular young couple, so carefully had every detail been planned and kept.

Miss Elsie Hodge and Mr. William Rinkieff left Sunday morning for St. Louis to visit Mrs. Martin's sister, Mrs. David Flournoy. Mr. Rinkieff followed Sunday night. He was accompanied to Cairo by Mr. and Mrs. Harry Singleton, who had at first intended going to St. Louis. The marriage was solemnized in St. Louis at 10 o'clock Monday morning. It was a quiet church ceremony with only a few friends present.

At one o'clock Mr. and Mrs. Flournoy entertained with a beautifully appointed seven-course luncheon at their home in honor of the bride and bridegroom.

Mr. and Mrs. Rinkieff will return home Thursday night and will reside at 314 North Sixth street. Mr. and Mrs. Harry Singleton will leave Wednesday night for Cairo to meet them and spend the day in Cairo. Mrs. Guy Martin will return from St. Louis today.

Mrs. Rinkieff is the only daughter of Mrs. Sine Wheeler Hodge and belongs to a prominent Kentucky family. She is one of the most popular of the younger society girls. Mr. Rinkieff is the son of Mr. and Mrs. John Rinkieff and is an all-around popular young man. He is assistant cashier of the Mechanics and Farmers' Savings Bank, and is a member to the Walters, Rinkieff and Singleton insurance agency.

**Mrs. Murrell's At Home.**  
Invitations were issued today to Mrs. David Gamble Murrell's At Home, on Friday afternoon, April 20, from 4 until 6 o'clock, at 707 Broadway.

**In Honor of Miss Decker.**  
A prettily appointed affair in honor of Miss Decker was the bridge afternoon given by Mrs. John Brooks.

#### A UNIVERSAL FOOD.

Following Nature's Footsteps.

"I have a boy, two years old, weighing forty pounds and in perfect health who has been raised on Grape-Nuts and milk."  
"This is an ideal food and evidently furnishes the elements necessary for a baby as well as for adults. We have used Grape-Nuts in large quantities and greatly to our advantage."

One advantage about Grape-Nuts food is that it is pre-digested in the process of manufacture; that is, the starch contained in the wheat and barley is transformed into a form of sugar by the same method as this process is carried out in the human body, that is, by the use of moisture and long exposure to moderate warmth, which grows the diastase in the grains and makes the remarkable change from starch to sugar.

Therefore the most delicate stomach can handle Grape-Nuts and the food is quickly absorbed into the blood and tissue, certain parts of it going directly to building and nourishing the brain and nerve centers.

Made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

and Mrs. Calhoun Rieko on Monday at the apartments of Mrs. Brooks 1616 Broadway. The guest list was limited and Miss Decker's most intimate friends. Irls and other spring flowers were attractively arranged throughout the rooms. The highest score at bridge was made by Miss Kathleen Quigley. Miss Decker was presented with a guest of honor souvenir. A delicious salad course luncheon was served after the game. Mrs. Duke Pettit of Princeton and Miss Ann Norton Garvie were out-of-town guests present.

#### Enjoyable Birthday Party.

Master Arthur Krug entertained most pleasantly a limited number of his friends at his home, 601 North Sixth street, last evening from 8 to 11 o'clock. It was in celebration of his fourteenth birthday. Games and music were enjoyable features. Delightful refreshments were served. Those present were: Kathleen Nichols, Erma Robertson, Mollie Robertson, Blanche Overstreet, Elizabeth Overstreet, Sue May Fiske, Lora Robertson, Annie Artlett, Elsie King, Mary Bayless, Elizabeth Gleeves, Owen Keith, John Snyder, George Bauer, Arthur Krug, Emmett Durrant, Vernon Gleeves, Horace Gleeves, Charlie Mobley, Hulton Ware, Billie Wilson, Frank Jones.

#### Delphic Club.

The Delphic club met in regular weekly session this morning at 10 a. m. at the Delphic room in the public library. The program was most interestingly discussed as follows:

Good Queen Anne—Mrs. W. G. Morrow.  
The Marlboroughs. Bienenheim Castle.—Mrs. Robert H. Phillips.  
Miss Ethel Morrow's paper on "The Rise of English Art, Hogarth, Reynolds and Gainsborough," was read by Mrs. W. G. Morrow.

## S.S.S. CURES MALARIA

Malaria is a species of blood poverty known as anaemia. It is a condition in which the circulation is so weak and impure that it is unable to supply the system with sufficient nourishment and strength to preserve ordinary health.

The medical profession is divided in opinion as to the manner in which malarial poison gets into the blood. Some take the position that it is an atmospheric poison, the specific germs of which are breathed into the lungs and thus transmitted to the circulation. Others advance the opinion that persons become inoculated with the poison through the bites of mosquitoes. All however agree that MALARIA is a blood affliction, and any treatment to successfully overcome it must not only purify this vital fluid, but at the same time add the necessary qualities of richness and strength to the circulation.

The malarial poison destroys large numbers of the rich, red corpuscles of the circulation, and the peculiar paleness of anaemic persons is due to this fact. In the first stages of Malaria there is a bilious condition of the system, constant bodily weakness, poor appetite, and a "no account," tired feeling.

### A PHYSICAL WRECK.

During 1900 I was running a farm on the Mississippi River, and became so impregnated with malaria that for a year afterwards I was a physical wreck. I took a number of medicines recommended as blood purifiers, chills, fever and malarial prostration, but nothing did me any good until I began to use S.S.S., which I did about a year ago. The result was that after taking several bottles of the large size I was well and strong as I ever was, and have never had a chill since. I expect to take S.S.S. every year as a preventive, and would advise everybody else to follow my example.

Amory, Miss.

## Why Do You Do It?

Why do you buy cheap whiskey bottled in bond only 4 years old and pay \$1.00 per quart, when you can buy Ragan's Special, made in spring 1903, 7 years old, at \$1.25 per quart? We have the same whiskey in barrel at \$1.00 per quart. This whiskey is made by the Anderson Distilling Co., one of the best distilleries in the state of Kentucky. Don't buy cheap compound whiskey; it shortens your life. We handle nothing but absolutely straight whiskeys, full measure bottles. If you try us once we will make a lifetime customer out of you. ### River and Weather.

The government gauge at 7 a. m. marked 19.8 feet, indicating a rise of 1.1 feet since yesterday. Weather cloudy and cold; business good.

### Pilothouse Pointers.

Undergoing repairs the combine towboat Alice Brown is lying at the foot of the Tennessee island. She arrived from Cairo yesterday evening with burned boilers and repairs are being made by the Fowler & Wolfe Boiler company. She has a tow of empties and will proceed to Louisville when her repairs are finished.

Almost abreast the John S. Hopkins and John L. Lowry arrived from Evansville about 7 o'clock this morning with good trips. The Hopkins unloaded at the N. C. & St. L. wharfboat and both left about noon for a return to Evansville.

The Elecia is en route to Evansville with a big trip of corn from Nashville.

The Josh Cook passed up yesterday with a tow of cottonwood for the paper mills at Cincinnati.

From Waterloo, Ala., the Clyde, enjoying one of her usual large trips arrived at 8:30 o'clock last night and went to Brookport, Joppa and Metropolis at 7:30 o'clock this morning to unload lumber. She will return tonight about 9 o'clock and leave tomorrow evening at 6 o'clock for Waterloo. On her trip out the Clyde had 375 bales of cotton for Danville, Ky., 500 bags of peanuts for Johnsonville, 14 cars of lumber for Metropolis and Joppa, 42 beer cases and 12 hogsheds of tobacco for Paducah.

The T. H. Davis came up from Joppa yesterday evening and returned this morning with a tow of ties.

The Nashville is due tonight from Nashville and will depart immediately after unloading and receiving freight for a return trip.

With a good trip the J. B. Richardson arrived at 12:15 o'clock this morning from Nashville. She left at noon for Eddyville and will return in the morning, leaving at noon for Nashville. She had 47 hogsheds of tobacco for Paducah and 1,800 cases of tomatoes for wholesale houses. She also had a big list of passengers.

The Dick Fowler left at 8 o'clock this morning for Cairo with a good list of passengers and miscellaneous freight. She is due back tonight.

The "Pete" Sprague passed up yesterday with 25 empties. She has been to New Orleans.

The City of Salt Lake will leave St. Louis Saturday for the Tennessee river. She passed out of the Tennessee yesterday morning with a big trip and on her next trip to the Tennessee she will carry a party of 100 Chicagoans who will make their annual trip. They will go by rail to St. Louis.

The machinery of the Outaway is being overhauled. The boat has been remodeled and will be ready for the summer season by Saturday. She will be practically a new boat.

## WHEE! EVERY TWINGE OF RHEUMATISM GONE

It is not strange that this grandpa is "cutting up." He is absolutely free from rheumatism, free from every twinge of it; every pain has gone, all the soreness has gone, all the stiffness has gone, the muscles and joints are supple, strong; the swelling has all left and he feels fine. The kidneys are working well again, the bladder, too, is acting properly, is strengthened, and that permits undisturbed sleep at night.

After a few doses of Barkala Globes every single trace of it, and the kidneys get strong and active; the backache disappears almost instantly. The weak bladder that disturbs the night gets in action properly, too, and that means good, sound, restful, refreshing sleep.

Out-of-order kidneys cause worry, because of the danger of the terrible Bright's disease, but with good, strong, healthy kidneys, there is nothing to cause such a thing. It seems strange that there is any kidney trouble or rheumatism in the world, when they are so easily conquered. Barkala Globes will stop this trouble almost before you realize it, and get a dose, or send fifty cents to the Old Port Chemical Co., Port Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

Just drop in at Gillett's Drug Store, Fourth and Broadway, or some other good drug store, and get a box, or send fifty cents to the Old Port Chemical Co., Port Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

### Beautiful Georgia Wedding.

The following notice from the Savannah Morning News of the marriage of Lieut. Richard Donovan, son of Mr. and Mrs. J. T. Donovan, of this city, and Miss Marguerite Lyons, of Savannah, Ga., which took place in that city April 11, will be of interest to Lieutenant Donovan's many friends in Paducah:

"A simple and beautiful wedding was that of Miss Marguerite Lyons and Lieut. Richard Donovan, U. S. A., which took place at the Cathedral of St. John the Baptist last evening at half past six o'clock. Only the members of both families were present at the ceremony, the occasion being as simple as possible in every way. The main altar of the church was adorned with many lighted candles and with white roses. The bride entered with her father, Mr. John Lyons, attended only by her sister, Miss Nellie Lyons, as maid of honor. Mr. Walter Lyons acted as best man. The Rev. H. J. Kelley, bishop of Savannah, performed the marriage ceremony, assisted by the Rev. Michael Doran, chaplain of the United States Coast Artillery at Fort Screven, and by the Rev. G. X. Schandwell, rector of the cathedral. Master Austin Lyons, a brother of the bride, and Master George Hoffman, were the bishop's trainbearers. The bride looked very girlish and attractive in her wedding gown of soft ivory mesaline and lace. It was made in princess style, relieved by a panel of lace that extended from the corsage to hem, the skirt being slightly gathered to the panel at the knees and caught with small buckles of satin. The transparent yoke and collar were of lace. Folds of chiffon, caught with pearls, softened the bodice, and wide bands of the lace were laid in surplice fashion over the shoulders, narrowing to the waist line. The short sleeves were of folded chiffon and satin, opening at the front and the drape of the skirt at the back was confined by a large satin buckle. She wore a white lace hat with bows of white satin. Her bouquet was a shower of lilies of the valley. The maid of honor wore a charming princess lingerie gown, with panel lace and deep flounce of embroidery edge with lace. Her hat was a leghorn, trimmed with yellow roses, and she carried a bouquet of marguerites.

"After the ceremony a small reception was held at the home of Mr. and Mrs. Lyons on Monterey Square. In addition to the members of the family only about 25 young friends of the bride and bridegroom were present. The wide hallway of the house was adorned with bowles of lilies, branches of dogwood, and palms. Pink Kilmory roses were used in the drawing room, and in the statuary niches that line the walls were palms and Boston ferns. Tall palms were grouped in the windows at one end and here Lieutenant and Mrs. Donovan stood to receive congratulations. The many handsome wedding gifts were shown in the music room. They included a case of flat silver, and several smaller sets of table silver, handsome silver bowls and dishes, silver carvers, a copper chafing dish, much very beautiful cut glass and china, and some attractive bric-a-brac.

"The living room across the hall was decorated with dogwood and white lilies, and in the dining room everything was in white and green. On the mantel were vases of lilies and over the cabinets big branches of dogwood. The table held a big basket filled with lilies, the handle decorated with a white dove. At the four corners were silver candlesticks, garlanded with smilax that fell from the chandelier above, and sprays of smilax were scattered over the dais.

"Lieut. and Mrs. Donovan left last night for Atlanta and Washington. The bride's going away gown was a tailored suit of dark blue cloth, the short semi-fitting jacket worn over a blouse of white silk with yoke of heavy lace. Her hat was a satin braid turban in straw color, with a big bow of French blue at one side.

Lieut. Donovan is first lieutenant in the United States coast artillery at Fort Screven. The bride is the daughter of Mr. and Mrs. John Lyons and was graduated only last June from the Academy of St. Vincent de Paul."

The most valuable leather boot ever made sold for \$5,800. It is 24 1/2 feet long, 7 1/2 inches wide and lined at Fort Screven. The bride

## Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Alkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

### CAPT. FARLEY HAS IMPORTANT NEWS.

Frankfort, Ky., April 19.—State Treasurer Farley issued a statement regarding his method of taking up and paying interest-bearing warrants. The statement follows:

"In answer to many inquiries, and for the information of all concerned, I desire to make the following statement concerning the taking up and

payment of interest-bearing warrants by this department.

"By a recent act of the legislature all warrants outstanding and hereafter issued, which the treasurer is unable to pay upon presentation for lack of funds available for that purpose, shall be made interest-bearing, and a record kept of such warrants as presented. The law also provides that whenever there are funds enough in the treasury amounting to as much as \$50,000, subject to outstanding warrants, the treasurer shall call for warrants by serial numbers, as in the aggregate do not exceed the fund in the treasury; the treasurer shall call in these interest-bearing warrants for payment, such call to be published for ten days in some newspaper published in this state.

"It is important for sheriffs and others to know that no warrants not included in a call can be accepted by this department in payment of monies due the state. In other words, no warrants that are called in for payment may be sent in as cash in settlement of any revenue due the state. No warrants can be received for such purpose, as they should be paid in the order they are registered as interest-bearing."

## ALL DOWNWARD ON THE MARKET

TENDENCY THROUGHOUT THE WEEK IN WHEAT.

Abundant Rain in Winter Belt Forecast Harmer Crop—Heavy Hauling.

PROVISIONS ON THE TOBOGGAN.

Chicago, April 19.—Bearish sentiment in the wheat market was rampant all during the week, general rains over the winter belt, poor cash demand and rosy spring wheat and European crop prospects causing the believers in lower prices to grow bold. The bulls toward the last of the week were hard pressed, there being a suspicion, shared by many in the trade, that the big bull leaders had quietly sold out under cover. There was little to justify this theory, however. In fact, the Bartlett-Patten house gave the market good support much of the time, although its orders were insufficient to absorb the vast quantity of wheat on sale. There was a great deal of covering of short wheat by brokers acting for leading shorts. The fact that much of their buying was based on a subrosa report, that Snow, the Bartlett-Patten crop expert, would issue a very bullish estimate of the abandoned wheat acreage, was probably responsible for the suspicion that the big bulls were trying to unload. The Bartlett-Patten brokers were certainly busy late in the week buying both July and September wheat, and they were open buyers of September. In their mail advices to customers they said they still are of the opinion that wheat should be bought.

The bears in the trade assert confidently that the weakness shown this week was only a tuning up of the orchestra as a prelude to the real bear music that would be heard in the pit later. They regard it as immaterial whether or not the big bulls have abandoned their holdings or their position, but assert that the legitimate situation is heavy enough in any event to overwhelm all buyers at current prices.

**Rains Cause a Drop.**  
Wheat started on its downward course on Monday, when liberal rains over Kansas and weakness in the cash market served to bring about a general decline. The chief pressure was on the new crop months. May delivery was very much neglected. There was a general commission house rush to sell early in the day, which was supplemented by more or less short selling by pit traders. The pressure was largely from influential speculators and from elevator people. The buying was largely in the way of taking profits by shorts, and there were further additions to the holdings of the leading longs.

Local handlers of cash wheat assert that the spot business was the slimmest that it has been at any time on the crop. Business has been practically nil. On Monday sales of one car were realized from a total of 1,300 bids sent out over night by two of the largest houses in the trade. Indiana millers have been offering to resell wheat here, and Toledo prices declined sharply because of offerings from farmers. May wheat at Toledo this week was at the same price as Chicago. At one time during the crop year the Toledo May price was 15 cents higher than Chicago May.

Texas predicts that harvest will begin in that state about May 20, and there were Mexican advices that the crop there would begin April 22. The northwest laid claim to a wheat area of 16,000,000 acres in the three states this year. Conditions in that section were reported the best of any spring in the last eight years.

Despite considerable strength in other grains and vigorous application of muscle by leading longs at critical times on Tuesday wheat was only barely steady. There was much selling in evidence by the southwest and northwest as well as by influential local traders.

On Wednesday the general tendency of the market was unmistakably downward. The selling was of the influential sort and aggressive. Its volume was sufficient to overwhelm all opposition and sweep a lot of weakly held wheat on sale in its train. The bulk of the selling came from the northwest, where sentiment is bearish and the situation weak. There was also a fair volume of selling from the winter wheat states. The vigorous and effective selling, however, was by the local speculators of larger caliber and by elevator people, who possibly had in mind the problem of marketing the incoming new crop wheat.

Thursday was the big day of the

week. More business was done on that day in the May delivery than has been seen in this future for many weeks. Plentiful rains in Kansas and continued weakness in the cash situation were again the important factors. There was a great deal of May liquidation as well as much shifting of holdings from May to deferred months. Bearish sentiment was rampant and both long and short wheat was coming on sale in great profusion. Substantial buying to cover shorts by northwestern houses and by local speculators along with further buying by the leading longs finally checked the decline. The rains in Kansas were too heavy and general to admit of any doubt that the drought in that state was effectual broken. The rainfall approached a cloudburst in portions of Kansas and Oklahoma, and it was fairly heavy in Nebraska.

The trade was much mystified at the rather important shifting of interests on Thursday. Reports were

### INDIGESTION GOES.

Gilbert Sells Best Prescription on Earth on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness, are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using MI-O-NA stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all the specialists on earth.

A large 50 cent box of MI-O-NA stomach tablets is all you need to get quick and lasting relief.

Mrs. Althea Etson, of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in as good health as ever, and has a good strong stomach and eats anything she likes, she attributes her present good health to the use of MI-O-NA.

If you have heartburn, belching of gas, heaviness or any stomach trouble no matter how chronic, try MI-O-NA stomach tablets on money back plan. Sold by druggists everywhere and by W. J. Gilbert who guarantees them.

current that the leading eastern longs had unloaded and that the local holding of cash wheat had been taken over by the Armour Grain company. This was denied by the interested parties. Actual transactions on the pit on this day included the purchase of probably 1,000 and hundreds of May wheat by Finley Barrett, and the sale of probably as much by another big house.

May wheat this week sustained a net loss of 3 1/2 cents, July was 3 1/2 cents lower, and September declined 2 1/2 cents.

**Corn Gains Strength.**  
Corn, after a week start on Monday, regained all its lost ground late in the week on heavy buying, chiefly to cover shorts and on purchases by spreaders. On Tuesday over 5,000,000 bushels were bought by three big local commission houses, and there was a big demand from pit traders who were following the lead of the large interests. May corn was 1/4 cent lower for the week, while July and September each gained 1/4 cent.

The oats market was the strongest on the list. There was heavy buying by the Patton house, which took May and July, and by commission houses, who bought both July and September. There were a few complaints from Illinois points of poor germination and of insufficient rains, while both this state and Indiana were talking of more or less damage as the result of the recent frost. The shipping demand for oats is considered very good. May oats were 1/4 cent higher for the week, while July and September each advanced 1/4 cent.

Provisions hit the toboggan with a running start on Monday, and continued to descend all week. Liquidation sales were started on the first day of the week on the bearish government report on the condition of hogs and the poor export showing in comparison with this time last year. The demand was poor and support lacking until prices touched the low point for the week when Cudaby brokers made fair purchases.

May pork lost \$2.15 in price, July was \$2.07 lower and September declined \$1.50. Lard declined nearly one cent per pound. At the low point last week May pork was off nearly \$5 from the recent high point. Provision buyers make the point that Australian and Argentine frozen meats

are being offered in New York in liberal quantities. There has been heavy liquidation in provisions lately and shorts generally have taken their profits. Grocers, the provision specialists, say the market has been oversold. He looks for the country to be more independent in marketing of hogs from now on, and there are indications of a much better fresh meat trade.

Louisville, April 19.—The receipts of cattle were 1,174 head as against 1,600 last Monday, 947 a year ago, and 1,053 two years ago. There was a good crowd of local traders and butchers in evidence this morning, though but few outside buyers here, and the general tone of the market was slow with values anywhere from a dime to a quarter lower. Choice heavy weight butcher cattle were the most popular sellers, and early sales of that class of cattle were effected at a decline of about a dime, but the heavy butcher steers, well as medium and common kinds, were a drug and as much as 15¢ to 25¢ off. A fair call was noticeable for the best feeders and stockers, at

## Free Dyspepsia

## Sample

Sufferers from indigestion are waking up to the fact that peppermint lozenges, charcoal and "dyspepsia cures" are only makeshifts in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve but which will tone and train the digestive apparatus to again do its work normally, and this these simple remedies cannot do.

There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only contains digestive ingredients will not cure permanently, as the basis of indigestion is poor bowel circulation, and that requires a scientific laxative. You know of no remedy that combines these requirements better than Dr. Caldwell's Syrup Pepsin, which has been sold for a quarter of a century.

Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and similar complaints. Its ingredients will so strengthen and tone the stomach and bowel muscles that they will again do their work naturally, and when that has been accomplished your trouble is over. Fannie Stuart, Maumt. Va., was a long-time sufferer, as was O. Tuck, Blackburn, Mo., and they both found their cure with this remedy. They became convinced that pills and tablets, salts, "dyspepsia cures," etc., were at best only temporary relief. They first accepted Dr. Caldwell's offer of a free sample bottle, which he willingly sends to anyone having convalesced themselves through the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. ## Reveries.

Conventionally is the mother of a pun.

A woman regrets her first gray hair, a man his last.

A flirt is a body of femininity entirely surrounded by men.

A fool's only teacher arrives too late. Her name is Consequences.

By luxury is something the other fellow thinks we could do without.

Whoso mocketh a married man, let him take heed; for a fool is born every minute and the mocker himself falleth by the wayside.

MAY SMART SET.

## "He Conquers, Who Conquers Himself".

"He conquers, who conquers himself."

This motto was adopted yesterday afternoon by the faculty and members of the High school as the motto for the school. The High school has never had a motto, and it was considered appropriate that one should be selected.

Arrangements have been made for a special train that will convey the students of the High school and the teachers of the public school to Cairo, April 29. The students will go as rowers for the annual debate with Cairo, which will be held Friday night. The teachers will go to visit the Cairo schools. The plan was suggested by Superintendent Carnegie, and was approved by the board.

According to a rule of the board the teachers are permitted to spend two days of each school year visiting schools, and the trip will be made to Cairo on the same day of the debate. The train will leave Paducah at 7:30 o'clock and will arrive in Cairo at 9 o'clock permitting the teachers to spend the entire day in the schools. The special train will return after the debate although any teacher may return on the 8 o'clock train.

Marvin Sills and McClaine Mitchell will represent Paducah in the debate, and they are busy preparing their arguments. The declamation contest will be

held the last of the month or possibly the first week in April.

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Esq. Cairo, Wis., says:—"For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

## Rain Delays Work.

Work on the No. 5 fire station will be delayed slightly owing to the heavy rains. The excavations were completed when the heavy downpour of water caused the earth to cave in, and now it will have to be cleared away before being ready for the brick masons.

In Bankruptcy.  
In the district court of the United States for the Western District of Kentucky, in bankruptcy.  
In the matter of John W. Skelton, a bankrupt.

On this 16th day of April, A. D., 1910, on considering the petition of the aforesaid bankrupt for discharge, filed on the 15th day of April, A. D., 1910, it is ordered by the court that a hearing be had upon the same on the 14th day of May, A. D., 1910, before said court, at Louisville, said district, at 10 o'clock in the forenoon, or as near

thereto as practicable; and that notice thereof be published one time in the Paducah Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Walter Evans, judge of the said court, and the seal thereof, at Paducah, in said district, on the 16th day of April, A. D., 1910.
